## **NEARLY THOUSAND** TROOPS OUT HERE

## United States Employment Assumes Task of Finding Them Employment.

More than 750 count artiflery

More than 750 coast artiflerymen were mustared out of service at Camp Nicholls and Jackson Barracks during Saturday, as were more than 100 solidiers of the vocational arm of the Camp Martin Student Army Training Corps. They return their uniforms within four months to the government.

Damobilisation work at the military posts in and about New Orleans is being pushed forward with all speed compatible with accuracy in making up the discharge papers. The next few days will see the departure of hundreds more of the servicemen and the interval between new and Christmas may see the finish of the demobilisation activities so far as local camps are concerned, according to the announcement of afficers. Many of the soldjern will see to the same of the servicemen and the interval bemustered out at New Orleans. See Will be to the announcement of afficers. Many of the soldjern will see to the concerned, according to the announcement of afficers in the second of the sold of the concerned according to the announcement of the finess, it was applained.

The United States Employment Service has assumed the task of finding the employment the program facing the employment must be found for them. And likewise some branch of the Federal Employment Service must find samployment for the men who are leaved in the service of the soldiers from Louisians. Will eventually find their way back to their homes, according to Han A. M. Jacogsen, head of the United States Employment Service must find their way back to their homes. according to Han A. M. Jacogsen, head of the United States Employment Service on the Camps were earlied to the Department of Labor to furnish accurate daily reports of the number of men released and of the number of one preleased and of the number of the Department of Labor to furnish accurate ally reports of the number of one preleased and of the number of the sections of the returning men. The bureaus, in the sectio

turn, will furnish the camp representatives with advance data on the labor market.

Local employment offices are situated as follows. Best Maison Blanche and the second service, Bell Carondelet street, for white men desiring general work; 800 canal street, for white men who want work along the wharf or at other marine occupations, and the Fythian Temple, Gravier and Sarators street, for colored tabor. Mr. Jacobsen made a plea Friday that employer free that applications from solidlers may be filled promptly and so that camp representatives may be provided with the data necessary to direct men being discharged to work nearest their homes.

Special efforts will be made to get men on tarms. Those who did not get more sufficient of the services will be presented with a pattricture foodstaffs to keep alive the wars prevented firthing for by the signing of the armistice.

g of the armistica.

sized with regard to the withdrawal.

Besides the women already mentioned.

the foregoing, the following were
mong those present at Saturday's
setting: Mesdames J. M. Thomson,
hilly Werlein, Joseph Devereux, Wilsam Lamb, J. M. Thornton, Lawrence,
