BANKER HINSCH SAVES THE DAY

Disruption Threatens Big Association When State Financiers Talk of Bolting, But He Straightens Matters Out.

(By Associated Press.)
CHICAGO, Sept. 26.—A battle which threatened to disrupt the American Bankers' Association ended today after a noisy and turbulent session of the convention when Charles A. Hirsch, President of the organization, read a telegram which told of the beginning of another great French-American drive on the western front in France. The tumult immediately subsided. The leader of the Jackie Band stood for "Over There" and the crowd stood and thundered the words. It had been a test of strength for the coteries of State bankers who had served an ultimatum on the national bank group which has dominated the affairs of the association for years that the State banks must have fair representation on the Administrative and Legislative Committees and a Vice Presidency, either the first or second. The day's battle developed on the motion to adopt an amendment to the constitution creating a Second Vice President's station.

Minnesotans Start It. The Minnesota designation started the insurrection by repudiating the State bankers' plan in the interest of the candidacy of Joseph Chapman of Minneapolis, a national banker, for the First Vice Presidency, to which the slate makers had assigned R. E. Hawes, national banker of St. Louis. The Chapman boom died when the amendment was passed almost unanimously and the war news brought on a spectacular climax. The Nominating Committee immediately named Robert F. Maddox as candidate for President, Hawes for Vice President and John B. Drinn of San Francisco, a member of the National Capital Issues Committee, for Second Vice President, as the State bank candidate. Tomorrow the remainder of the bargain will be filled by assigning an equal number of State and national bankers to the State and Federal Legislative Committees.

Given Representation. Further, the State bankers were given representation on the Administrative Committee by the adoption of an amendment to the constitution increasing the membership from three to seven and making the Presidents of the national bank, State bank and trust company sections ex-officio members. Another concession to the State bankers was the acceptance of a constitutional amendment permitting a section to act independently of the main body in matters of legislation. In reply to a telegram of greeting from Secretary of the Treasury McAdoo, President Hirsch sent the following message to the Secretary:

Patriotic Telegrams.
"The members of the American Bankers' Association, assembled in convention in Chicago, have received greetings and they instruct me to tender to you, the courageous leader of the financiers of our country, their great appreciation for the message, and they, at the same time, affirm their determination to use every means at their command to make the Fourth Liberty Loan the most forceful of all expressions from a free people to furnish all credits and materials necessary to the government for a speedy and complete victory."
Another telegram was sent to President Wilson, which read in part as follows:
"Every ounce of energy and every resource at the command of the bankers of the nation are pledged to the persistence. We will loyally support and follow your commander-in-chief in the mobilization of America, to the end that all the power and strength of this great land shall be made available to the war effort."

NO INFLUENZA AT CHILLICOTHE

Scare Realized When Fifty Answered Sick Call at Camp Sherman, But It Was Bronchial Trouble.

(By Associated Press.)
CAMP SHERMAN, O., Sept. 26.—Apprehensions at the base hospital last night, feared Spanish influenza had broken its foothold here, when nearly fifty men answered the sick call. Investigation proved they were suffering from bronchitis, however. Bacteriological tests made at the hospital showed no influenza germs. While the number of cases of bronchitis is unusually large, Major B. F. Duckwall, camp surgeon, says the situation is well in hand and that there is no cause for alarm. The formation of two more units of the Ninety-fifth Division began today. One is the 29th Infantry, Colonel Moorman, commanding, and the other the 29th Military Police and Train Headquarters Company. A number of demobilized officers reported today from Camps Dix, Lee, Grant and Custer. Approximately 250 demobilized officers now have reported for duty with the new division. Two deaths were reported at the base hospital today. Private Guy R. Elliott, Twenty-sixth Company, Seventh Training Battalion, died of bronchial pneumonia. His home was at Beaver, Pa. Private Edward S. Stump, Columbus, Twenty-seventh Company, Sixth Training Battalion, died of nephritis.

CINCINNATI GRADUATES.

(By Associated Press.)
CAMP FERRY, O., Sept. 26.—Colonel M. C. Murray, commandant, today announced that 139 college students at the small arms firing school here have been commissioned Second Lieutenants. The class is said to be composed of the youngest men ever commissioned for the United States army, most of them being under 31 years of age, and several are only 18. The new officers will be assigned to schools, colleges and to other posts throughout the country for training work after the local school closes October 4. Among the Ohioans graduated were: Marion Joseph Freedman, Ada; Stanley Erwood Dore, Springfield; William Earl Widan, Cincinnati; William Birney Mills, Cincinnati; John Bernard Hardig, Cincinnati; Leroy Boyd Canale, Windibster; Warren A. Ferguson, Xenia; William Wilkerson Hunt, Jr., Columbus, and William Ellsbury Benock, Columbus.

CHAPLAIN SCHOOL GRADUATES.

(By Associated Press.)
LOUISVILLE, Ky., September 26.—Two hundred and fifty-one candidate-students, hailing from practically every State in the Union, were graduated today from the training school for United States army chaplains at Camp Zachary Taylor with the rank of First Lieutenant. One hundred and fifty, it was announced, will leave shortly for overseas duty, while the remainder will be attached to camps throughout the country preparing for foreign service. To date, 700 students have been graduated from school and commissioned.

RUSSIA WAKES.

The first big guns in the campaign to put Cincinnati "Over the Top" will be fired Friday night, September 27.

the constituent assembly unites political parties which: 1. Remain loyal to the allies. 2. Reject any idea of separate peace. 3. Do not recognize the treaty of Brest-Litovsk. 4. Have decided to continue the war against the Bolsheviks and Germans in alliance with the Czechoslovaks. "The committee of the members of the constituent assembly, in its aim to create a united and powerful government, represents itself as the source of authority and considers itself as successor to the late provisional government of all Russia. "Being deprived until lately of means of communicating with institutions abroad, the committee was not able to inform in time the governments of Western Europe and the East and America of its formation and of the development of events in Russia. State Conference. "It is in Oufa that takes place at present a state conference, constituted: "Of members of the constituent assembly. "Of delegates of organs of provincial authorities, and of the Siberian Government.

SOCIALISTS TO ACT IN-BOOSTING MORALE OF ALLIED LABOR

(By Associated Press.)
WASHINGTON, Sept. 26.—To "keep the working men in the allied and neutral European countries informed as to the true attitude of the laboring men of America toward the war, the Socialist Democratic League of the United States is to establish commissions at Milan, Paris and other cities. Plans for this educational campaign abroad were approved today by President Wilson after they had been laid before him by Charles Edward Russell and other members of the Socialist Commission which recently returned from Europe. Members of the commissions now are being selected subject to the approval of the State Department, which is to have general supervision of the work. The President was told that until the working men in Europe were in ignorance of the attitude of the workers in the United States on the war and other important questions. Members of the commission were selected today by the President, who desired a first-hand report of the results of the trip.
