## MISS MOEN'S DEATH LOSS TO RELIEF STAFF

Miss Dorothy Moen, daughter of the late Philip Washburn Moen and Margaret (Struthers) Moen, and one of the most untiring of all the war relief workers among the younger members of Worcester society, died early yesterday forenoon at the family home, 50 Elm street.

Bravely volunteering for service with the little ones orphaned by the epidemic at the temporary home, Harvard street, Miss Moen was stricken with the influenza on Tuesday night. Her supreme sacrifice was made as bravely in her home as that of the Worcester boys who have fallen in France.

She was born in Worcester, July 2, 1888, and is the youngest of three daughters; Margaret, wife of Capt. Roger Kinnicut, U. S. A. medical corps, stationed at Bordeaux, France, and Elizabeth, who is with her mother in Worcester, and now taking a war nurse's course with others at memorial hospital.

Timeless in her war relief work ever since America entered the war, the Worcester girl has been one of the regular attendants at the rooms of the American fund for French wounded, and the surgical dressing committee and for the Red Cross since last April.

As one of the younger society girls interested in the memorial hospital aid society she did social service work that led her, when the call for workers at the emergency home came, to volunteer for service at the Newton home.

There has been sorrow at the home since children and workers heard that she had gone, for she was actively engaged at her post no later than Tuesday.

She was a graduate of Miss Porter's school, Farmington, Ct., and her education was finished in Europe. Besides her mother and sisters, Miss Dorothy leaves in Worcester, Mrs. David Harrower, her maternal aunt, and three cousins, Capt. Norman Harrower, 301st infantry; Lieut. Gordon Harrower, 101st field artillery, both in France, and Lieut. Francis Harrower, U. S. N.

There will be a private funeral Saturday from the home at Elm street, with Rev. Dr. Benjamin Wyland officiating, at a time to be announced later. George Sessions Sons Co. will be in charge of the arrangements.

## ARMY'S SOCIAL DOINGS DELEGATED TO Y.M.C.A.

Club women of Worcester will be interested to learn that at the request of Gen. Pershing, all social activities for the American army overseas have been placed under the direction of the Y. M. C. A. in order to avoid duplication and promote efficiency.

To the war victory commission of the general federation of women's clubs has been assigned the management of the Y. M. C. A. units, which an appeal was made to clubwomen last spring, and for which considerable money was given. Now the request comes for the unit to be 100 women, to go as far as possible, and for \$20,000 to finance the work, which amount must be guaranteed before the unit may go.

Each member of a federated club has been asked to contribute at least a dollar to this fund, and the treasurer for Massachusetts is Mrs. Joseph S. Leach, Walpole, who is anxious to have a generous response as soon as possible. Applications for service in the unit, two members only being sent from each state, should be sent to Mrs. Herbert J. Gurney, Wollaston, Mass., president of the state federation, as all applications must be forwarded by the state board, owing to the fact that no clubs have been having meetings during the month, this appeal is made to the individual members, as action must be taken at once, if Massachusetts is to be among the first to be ready for service in this important work. Those who deprecate the duplication of agencies will be glad to know that this plan is approved by the highest authorities among the powers that be.
