Remarks:

The R. C. Central Division called for senior pupils for army service when the epidemic of influenza and Pneumonia was at its height. On Oct. 4th 10 senior pupils were sent to Camp Custer, one has been critically ill but is convalescing now. 4 senior pupils were sent to Camp Dodge, 2 pupils to Ann Arbor and when the 8 pupils returned from Camp Custer, 7 were sent to Lansing M. A. C. where they were to take care of students, both soldiers and girls in said school. The helpful spirit manifested by those who remained as well as by those who were sent (voluntary service) is most commendable. The class work has been interrupted some what but will be carried on with regularity after Nov. 1st, 1918.

Respectfully submitted,

Resigned--
