EARLY NOTE IS LIGHT, OFFICIALS LACKING

County Handles the Election Under Difficulties; Fair Skies Stimulate Balloting in the Afternoon Hours

SOME PRECINCTS UP TO NORMAL

Last-Minute Rallies Are Quite Noticeable by Absence in One of Quickest Elections in History of California

Packland and virtually all of Alameda County, in handling today's election under difficulties. Many of those selected in election booths of officials have been made ill by Spanish influenza, and substitutes have been difficult to obtain by reason of fear of the epidemic.

All of the polling places are open, however, although many of them are being run short-handed. It is the purpose of County Clerk Gross to fill the vacancies by drafting persons who come to work at the polls for candidates, or from those who come to vote.

Early morning voting was very light, according to the reports that have been received by the county clerk. It is hoped, however, that the pleasant weather will have much to do with getting out a vote somewhere near normal.

NORMAL ADVANCE IN THESE PRECINCTS.

Voting in eight precincts west of Broadway and south of Fourteenth street at 11 o'clock averaged normal according to the numbers of the election boards, many of whom were officials at the primary. In some instances the voting was lighter and in others heavier than at the primary, but generally for these eight precincts it was considered normal.

In precinct No. 157, at Washington and Fifth, at 11 o'clock, 55 votes out of 450 registered had been cast; at No. 166, 43 out of 231; No. 155, Fifth and Market, 48 out of 293; at No. 158, Jefferson and Ninth, 43 out of 309; at No. 160, Tenth and Castro, 34 out of 293, and at No. 148, Thirteenth and Grove, 65 out of 499.

At No. 129, Grand avenue and Park View Terrace, at 10:30, 57 had been cast of a registration of 300, and at No. 174, Athol and Acton place, 70 out of a total of 500.

COUNTY VOTE LIGHT AT NOON.

The vote throughout the county was light up to noon. In San Leandro less than 25 per cent of the normal vote was cast in the morning, according to the city clerk's office, although it was expected that the night vote of workers returning from nearby industrial plants would raise this somewhat. Hayward and Niles also report an early vote far below the average. Alameda's vote showed signs of picking up in the afternoon, but will, officials say, be light.

Members of the health department and physicians generally have announced that if every one wears a mask there is no danger of contracting the influenza in the polling places.

There are many important offices to be filled at this election and every one is urged to vote unless there exists extraordinary personal reasons to prevent.

ALLIED SUPREMACY IS KEPT ENEMY IS TO BE DISARMED MILITARY GUARANTEES GIVEN

BULLETIN

PARIS, Nov. 5, 6:30 p. m.—Premier Clemenceau today announced that the armistice conditions to Germany are the conditions laid down by Marshal Foch.

These conditions, he said, are based on those given to Bulgaria, Turkey and Austria.

The conditions, Clemenceau said, are as follows:

First, military guarantees of the security of the allied troops.

Second, maintenance of allied military supremacy, in case hostilities are renewed.

Third, disarmament of the enemy as much as necessary to prevent renewal of hostilities.

"We have won the war, though we may have to wait," the premier declared.

When Clemenceau made his announcement the chamber was packed. The deputies and audience cheered repeatedly.

Freedom of Seas Is to Be Kept for Decision; Damage to Civilians to Be Repaid

WASHINGTON, Nov. 5.—President Wilson this afternoon notified Germany that she can get terms of an armistice from General Foch.

At the same time, in a note which Secretary Lansing gave the Swiss minister for transmission to Germany, it was revealed that the allies accepted President Wilson's fourteen peace principles with two reservations. These reservations were:

The allies must reserve to themselves complete freedom of interpretation in the peace conference of Wilson's clause on freedom of the seas.

Germany must make compensation for all damages she has done to the allied civilian population and their property.

This latter is an addition to President Wilson's provision that all invaded territory must be restored as well as evacuated and freed.

President Wilson, it was stated, agreed with the modification and addition to the two respective points in question in his peace formula.

SERBS STAGGER FROM LAND OF TERROR

WASHINGTON, Nov. 4.—What remains of the more than 200,000 Serbians who were deported to Bulgaria during three years of the Bulgarian invasion of Serbia are now being allowed to return to their native land—their bodies and minds shattered as the result of the atrocities of their captors.

A despatch received today at the Serbian legation here from the army general headquarters, at Saloniki, Greece, told of almost unbelievable cruelties inflicted upon these poor people. For three years these prisoners have been without shelter, exposed to all kinds of weather and beaten for the slightest infraction of rules, the despatch says. They have been only half fed and have been forced to carry out the hardest work.

Thousands of these prisoners, living skeletons, including men, women and children, have died while dragging themselves over the roads toward their native land. It was stated.

Simply to gratify a caprice, Serbian prisoners in one Bulgarian camp were killed in cold blood, according to the despatch. Others were placed among victims of disease so that they might become contaminated. In a camp near Sofia, an English journalist saw the same cart that had carried away dead bodies of prisoners who had died of various diseases being dragged back to Serbian prisoners, the despatch says.

No accurate estimate has yet been made as to the number of prisoners who have been allowed to return to Serbia. However, Serbian to Bulgarian cruelty.

CHIEF VICTORY IN HISTORY IS THAT OF ITALY

ROME, Nov. 5.—Trent, the chief city of the Trentino, was entered at 3:15 o'clock Sunday afternoon by Italian cavalry, Alpine and artillery according to a semi-official note issued today giving details of the swift advance of the first army on that city. More than 20,000 Austrians, including the commander of the Fifth Schutzen Division, were captured.

The Italian flag was hoisted over the castle of Buon Gonziglio amid enthusiastic outbursts by the population.

WITH THE ITALIAN ARMIES IN THE FIELD, Nov. 5.—At the moment the Austrian armistice became effective, the Italian and allied armies, in a ten-day battle, had attained the greatest military victory in the world's history.

When the battle opened, more than a million bayonets, with an auxiliary million in the rear, opposed them. The victory was obtained by the Italians practically single-handed.

GERMANY FOCH FOR BOL TRUCE FOR BOL HUNS LEFT ALS IN HANDS OF CON ALL CHIEF OF

BY ASSOCIATED PRESS. LONDON, Nov. 5. (via Montreal).—The allies have decided that Germany must apply to Marshal Foch, the allied commander-in-chief, for an armistice, Premier Lloyd George stated in the House of Commons today.

The terms of the armistice with Austria were also announced to the house today by the premier.

Lloyd George said he was unable to give the house detailed information concerning the "complete agreement" the allies had reached on the armistice terms to be submitted to Germany.

The terms agreed upon by the allies, the premier added, have been transmitted to President Wilson with a request that he inform the German government that if they wished to know the conditions they should apply to Marshal Foch in the usual military form.

Whatever Germany's reply might be, the associated powers awaited the issue with perfect confidence.

Lloyd George stated that if the application was made by Germany it had been decided that the representatives would be associated with Marshal Foch at the conference.

Premier Lloyd George said that the Versailles conference had decided that the German government be placed in supreme direction of the forces operating against Germany on all fronts.

PARIS, Monday, Nov. 4.—The inter-allied conference having completed its labors at Versailles, Premier Lloyd George of Great Britain left tonight for London and Premier Orlando for Italy started for Rome. The conference was the last complete agreement on the question of terms of an armistice for Germany.

By JOHN EDWIN NEVIN, International News Service Staff Correspondent.

WASHINGTON, Nov. 5.—The allied armistice terms will be presented to the German high command through Field Marshal Foch in the field. They will not go forward through President Wilson.

This was authoritatively learned today. There are two reasons for this. First, the United States no longer has any definite line on exactly who now are the rulers of Germany. The second is that the terms of necessity affect the German military organization. Consequently the terms must be introduced by the generalissimo of the allied forces.

It may be stated that the terms, not yet given out for publication, follow closely those under which Austria-Hungary surrendered and passed out of the war, leaving Germany to stand alone against the world.

Presumption in official circles here was that the armistice would be in the hands of the German Government in less than twenty-four hours. If they are accepted it will signify the issue of peace or further fighting may also be received within that time. The uncertainty caused President Wilson to cancel his proposed trip to New Jersey to vote in the Congressional elections.

SUBSTANCE APPROVED BY PRESIDENT WILSON

Although the complete text of the historic Versailles document probably is on the cables for Washington, its substance was reported as fully and approved by the President before the final draft was prepared.

Secretary Lansing made this statement:

"According to an official report received this evening, the terms of the armistice to be offered to Germany have just been agreed to unanimously and signed by the representatives of the allies, and the United States in Paris. The report further states that diplomatic unity has been completely achieved under conditions of utmost harmony."
