FREEDOM OF SEAS IS TO BE KEPT FOR DECISION; DAMAGE TO CIVILIANS TO BE REPAID

WASHINGTON, Nov. 5.—President Wilson this afternoon notified Germany that she can get terms of an armistice from General Pershing.

At the same time, in a note which Secretary Lansing gave the German legation, the Secretary of State stated that it was revealed that the terms accepted President Wilson's fourteen peace principles with two reservations. These reservations were:

1. Germany must make compensation for all damages it has done to the allied civilization and their property.

2. The latter is an addition to President Wilson's provision that all invaded territory must be restored as well as evacuated and freed.

President Wilson, it was stated, agreed with the modifications and addition to the two points in question in his peace formula.
