Three Courses Set to Chancellor Will Force Prussian Leaders to Yield Unconditionally, or Fix Blame for Continuation of War on Berlin—President Demands to Know Whether Peace Negotiations Also Accepted Except as to Details of Their Application—War on All Beligents and France Must Be Encouraged.

WASHINGTON, Oct. 10.—President Wilson, in a note of inquiry dispatched to the German government this afternoon, inquired whether the German government would be prepared to accept the terms which, if accepted, would be the basis of a peace settlement. The President's note, which was received by the German government this afternoon, was a direct appeal to the German government to accept the terms which, if accepted, would be the basis of a peace settlement. The President's note, which was received by the German government this afternoon, was a direct appeal to the German government to accept the terms which, if accepted, would be the basis of a peace settlement.

**GIVE GERMANY CHANCE**  
The President has the duty to give Germany a chance to accept the terms which, if accepted, would be the basis of a peace settlement. The President's note, which was received by the German government this afternoon, was a direct appeal to the German government to accept the terms which, if accepted, would be the basis of a peace settlement.

**EVACUATION FIRST CONDITION**  
The evacuation of the German people from the war zone is the first condition for a peace settlement. The President's note, which was received by the German government this afternoon, was a direct appeal to the German government to accept the terms which, if accepted, would be the basis of a peace settlement.
