 and carry on the said business un-

**CIVIL SERVICE**  
**IS OPPOSED IN**  
**HEALTH BOARD**

Totally different ways of naming  
 department heads under the pro-  
 posed reorganization plan for the  
 health office are espoused by Com-  
 missioner of Public Health and  
 Safety F. F. Morse and the civil  
 service commission. As a result the  
 commission may attempt to hold up  
 the program.

The plan provides for centralizing  
 control, making Dr. Daniel Crosby  
 supreme head of the entire health  
 department under Commissioner  
 Morse. This would make his work  
 virtually that of a health director.  
 Members of the civil service com-  
 mission hold that this would mean  
 a change in the office, and that as  
 such they would have jurisdiction  
 and should hold examinations for  
 the position.

Commissioner Morse maintains  
 that the office would be the same;  
 that Dr. Crosby's title would be  
 health officer; that while all de-  
 partments would report to him this  
 would be on personal instructions  
 from Morse and therefore they  
 would not be liable to any inter-  
 ference from the civil service board.

**'COULD PREVENT CHANGE.**  
 The board could, according to cer-  
 tain members, hold up the plan by  
 attempting to have the auditor re-  
 fuse to pass on payrolls of the de-  
 partment under any new order of  
 procedure.

The charter provides that the  
 health officer, city chemist, city  
 bacteriologist, chief plumbing, mar-  
 ket, slaughter-house and other in-  
 spectors shall be appointed by the  
 commissioner of public health and  
 safety. These under the charter  
 are supposed to report direct to the  
 commissioner.

Morse under his plan of reorgan-  
 ization, proposes that they all re-  
 port to the health officer, and that  
 only in case of a disagreement shall  
 the matter be taken higher, when  
 the health officer should report to  
 him. As the men involved are all  
 his appointees, they would in any  
 case be forced to take his orders.

**WANT TO USE POWERS.**  
 At the meeting between Morse  
 and a committee from the civil ser-  
 vice board, it was declared by the  
 civil service men that they would  
 desire to handle the appointments  
 of new officers, and that they thought  
 the offices of city bacteriolo-  
 gist and city chemist should be  
 consolidated. Morse believes that  
 both chemical and bacteriological  
 tests cannot be found by one  
 man.

to the civil service board  
 naming the health officer, at-  
 taches of the commissioner's office  
 that they can see nothing to be  
 gained by George Kaufman and  
 others on the civil service board  
 passing on the work of a man like  
 Dr. Daniel Crosby. The commis-  
 sioner's office will insist on keeping  
 full control of the department.

The civil service board members  
 say that Morse will not be allowed  
 to keep full control if he desires  
 any reorganization, as the first  
 change in the work will see them  
 making claim for jurisdiction. Morse  
 desires to institute a full and com-  
 plete municipal and bacteriological  
 laboratory, and consolidate all  
 branches of the health service, in-  
 spection service and sanitary work  
 under the centralized control of Dr.  
 Crosby. Plans are already started  
 for the change.

**Must Economize to**  
**Save Hungry Abroad**

The voluntary generosity of America  
 in the coming year will be perhaps the  
 strongest preventive of anarchy be-  
 cause the basis of anarchy is famine,  
 said President Reinhardt of Mills Col-  
 lege, speaking to the student body of  
 the college on Annual Food Conserva-

**State to Take Care of Defenders**  
**Assurance Sent to Lads Abroad**  
**Places Ready For California Troops**

(In order to set at rest the  
 minds of soldiers in France and  
 elsewhere, Director Charles C.  
 Moore of the State Council of  
 Defense has requested that rela-  
 tives of soldiers clip and mail to  
 them the article appearing  
 below.—Editorial note.)

Both the government and the state  
 of California will see that returned  
 California soldiers shall not want.  
 Plans for their care have been an-  
 nounced through the State Council  
 of Defense.

California men on honorable dis-  
 charge will receive either their old  
 positions or better, according to the  
 plan of the state council. To this  
 end the non-war construction de-  
 partment will be transformed into  
 the army and navy displacement  
 department, under the direction of  
 John S. Mitchell of Los Gatos. The  
 58 county divisions of the non-war  
 construction department will be-  
 come a part and will work with  
 the new displacement department.

**ASSURANCES SENT.**

The following cablegram has been  
 sent to General John J. Pershing:

"Please assure all California boys,  
 wherever they may be on the victo-  
 rious fields, that California,  
 through her State Council of De-  
 fense, proud of their achievements,  
 will, in addition to loving welcome,  
 give tangible form to greeting by  
 replacing them advantageously in  
 civil life. Assure them that this  
 claim on our consideration does not  
 outlaw, and that as they were in-  
 ducted into service by officials of  
 California, so will California now of-  
 ficially induct them into civil oc-  
 cupation when they are ready."

**"CHARLES C. MOORE"**  
 A telegram similarly worded and  
 referring to men in the navy was  
 sent by Moore to Secretary Daniels.

**GOVERNMENT PROGRAM.**

The government's program for the  
 disabled, army and navy men pro-  
 vides free hospital care with medi-  
 cal and surgical treatment until re-  
 stored to health, and afterward if  
 occasion requires it.

Mechanical appliances, such as  
 wooden legs, or instruments needed,  
 to be replaced when necessary.

Any man whose disability entitles  
 him to compensation under the war-  
 risk insurance act may be provided  
 by the federal board for vocational  
 education with a course of voca-  
 tional training for a new occupa-  
 tion.

If his disability does prevent him  
 from returning to employment with  
 his training and he elects to fol-  
 low a course of vocational training  
 provided by the federal board, the  
 course will be furnished free of cost  
 and he will also be paid, as long as  
 the training lasts, a monthly com-  
 pensation equal to the sum to which  
 he is entitled under the war-risk  
 insurance act, or a sum equal to  
 the pay of his last month of active  
 service, whichever is the greater,  
 but in no case will a single man or  
 a man required by his course of in-  
 struction to live apart from his de-  
 pendants, receive less than \$66 per  
 month, exclusive of the sum paid  
 to dependents; nor will a man liv-  
 ing with his dependents receive less  
 than \$75 per month, inclusive of  
 sum paid to dependents.

**FREE TRAINING READY.**

If the man's disability does not  
 prevent him from returning to em-  
 ployment without training and he  
 elects to follow a course of voca-  
 tional training provided by the fed-  
 eral board, the course will be fur-  
 nished free of cost to him and the  
 compensation provided by the war-  
 risk insurance act will be paid to  
 him, but no allowance will be paid  
 to his family.

In addition to the above, the fam-  
 ily or dependents of each disabled  
 man will receive from the govern-  
 ment during his period of training  
 the same monthly allotment and  
 allowance as that paid prior to his  
 discharge from the army or the  
 navy.

Upon completion of his course of  
 training he will continue to receive  
 the compensation prescribed by the  
 war-risk insurance act so long as  
 his disability continues.

**Anita Allen Perrine Is Missing**  
**Disappearance Shocks Her Friends**

Hundreds of friends and admirers  
 of Mrs. Anita Allen Perrine, daugh-  
 ter of Mr. and Mrs. Theophilus  
 Allen of Palo Alto, writer, huntress  
 and explorer, one of the most brilliant  
 and popular of Stanford graduates,  
 are shocked and grieved today by the  
 word received from Columbus, Ga.,  
 that she had disappeared from her  
 home at Port Benning, near Colum-  
 bus, where her husband, Major Henry  
 P. Perrine, is stationed.

Not a trace of the missing woman  
 has been seen since November 18,  
 and her husband, relatives and  
 friends have instituted a nation-wide  
 search.

The news of the disappearance  
 came in a letter received by Miss  
 Harriet Bradford, dean of women at  
 Stanford. No explanation for the  
 disappearance can be made, unless it  
 is that Mrs. Perrine suffered a men-  
 tal breakdown as the result of her  
 hard work and wandered away. Some  
 time ago her father received word  
 that his daughter had suffered a ner-  
 vous break-down as the result of  
 worrying about the war, superin-  
 duced by her literary labors. Mrs.  
 Allen, the missing woman's mother,  
 went to Georgia at the time to be  
 with her daughter.

**STARTS FOR GOLF LINKS.**

Later word was received by Mrs.  
 Perrine that an article she had pre-  
 pared on the subject of the German-  
 African situation had been accepted  
 by the Outlook Magazine, and the  
 acceptance seemed to cheer her a  
 great deal. Following the receipt of  
 the latter, she left her home at Port  
 Benning for the Columbus golf links.  
 At 10 o'clock that morning she was  
 seen on the streets in Columbus, and

to Alaska far beyond the Arctic Cir-  
 cle in 1916 to hunt and explore.—He  
 uncle, Louis L. Lane, skipper of the  
 Great Bear, was going on an expedi-  
 tion in search of Explorer Val-  
 hajmar Stefansson, and she deter-  
 mined to join him. The Great Bear  
 went to pieces on the rocks of St.  
 Mathew's Island, in the Arctic Sea.  
 It was while on the expedition of re-  
 scue that Miss Allen met the man who  
 is now her husband. He was the  
 Lieutenant Perrine, commanding of-  
 ficer at Port Davis. They became en-  
 gaged and their marriage was cele-  
 brated last spring.

Recently Mrs. Perrine was offered  
 the position as head of publicity at  
 Stanford University, which she de-  
 clined.

**ST. MARY'S ARMY**  
**MEN DISCHARGE!**

Demobilization of the students' arm  
 training corps at St. Mary's col-  
 lege began today and 100 of the sold-  
 ier students received their honorable di-  
 scharge. The men dismissed were met  
 by those who have positions await-  
 ing them in some essential industry. The  
 who were students before their volu-  
 ntary induction into the S. M. C. will  
 be the last ones to be dismissed, a  
 in the meantime a campaign has been  
 instituted to encourage them to remain  
 in college.
