LOCAL COMMITTEE TO COMBAT FLU

Chairman Harry East Miller of the local chapter of the American Red Cross has addressed a letter to the nursing committee asking that immediate steps be taken for the prevention of Spanish influenza, and that aid be rendered all families afflicted.

Miller's action follows the receipt of a letter from Surgeon General Blue of the department of public health, in which the local committee is asked to furnish nurses and emer-

gency hospital supplies to combat the malady.

The committee appointed by Miller consists of Dr. Charles H. Rowe, chairman; Miss Mary I. Hall, Miss A. Sellander, Mrs. A. C. Smith, Mrs. Elby Wagner and R. H. Kessler.

The following suggestions have been made to the committee:

Preparation of suitable hot cooked food for families who are deprived by sickness of the means of thus serving themselves.

Distributing this by motor to the homes where it is needed.

Sending volunteer housekeepers and caretakers for children to homes where such help is needed.

Establishing and advertising a Red Cross office where those who wish to volunteer as nurses' aids and as emergency housekeepers can report and receive orders.
