

- HARRISON BRUCE TORDOFF, B.S., Cornell University; A.M. Field of Specialization: Zoology. Dissertation: A Systematic Study of the Avian Family Fringillidae, Based on the Structure of the Skull.
- GERALD ROBERT TOY, A.B., Ohio Wesleyan University; M.S. Field of Specialization: Pharmaceutical Chemistry. Dissertation: Antihistaminics.
- DAVID ANSON TYNER, B.S.Chem., M.S.Chem. Field of Specialization: Chemistry. Dissertation: Approaches to the Synthesis of Tetrahydrophenanthrene Analogs of the Cortical Steroids.
- GEORGE CASTOR WALLICK, B.S., M.S. Field of Specialization: Physics. Dissertation: A Study of Grain Size Effects in the Luminescence of Zinc Sulphide Phosphorus.
- ALBIN PAUL WARNER, B.S., University of Illinois, M.S., *ibid.* Field of Specialization: Education. Dissertation: The Motor Ability of Third, Fourth, and Fifth Grade Boys in the Elementary School.
- JAMES ROBERT WEEKS, B.S.Pharm., University of Nebraska, M.S., *ibid.* Field of Specialization: Pharmacology. Dissertation: A Stationary Manometric Respirometer for Isolated Rat Diaphragm Allowing Simultaneous Direct Registration of Mechanical Activity with Observations on Sodium Azide and 2,4 Dinitrophenol.
- ROBERT WEEKS, A.B., A.M. Field of Specialization: English Language and Literature. Dissertation: H. G. Wells as a Sociological Novelist.
- HERBERT WEINFELD, B.S., College of the City of New York; M.S. Field of Specialization: Biological Chemistry. Dissertation: A Study of the Metabolism of Caffeine and Theophylline.
- HOMER WILLIAM WELCH, JR., A.B., DePauw University; M.S. Field of Specialization: Electrical Engineering. Dissertation: Dynamic Frequency Characteristics of the Magnetron Space Charge; Frequency Pushing and Voltage Tuning.
- RAYMOND GEORGE WILKINSON, S.B., Harvard University; M.S. Field of Specialization: Chemistry. Dissertation: The Synthesis of Substances Related to Steroids.
- JOHN WINKELMAN, A.B., College of the City of New York; M.S.Ed., *ibid.* Field of Specialization: Germanic Languages and Literatures. Dissertation: Social Criticism in the Early Works of Erich Kästner.
- CHUNG WU, B.S., Fukien Christian University; M.S. Field of Specialization: Biological Chemistry. Dissertation: The Amino Acid Composition and Nitrogen Metabolism of *Tetrahymena geleii*.

On recommendation by the Executive Committee of the School of Nursing, the Diploma in Nursing was granted to Beverly Jane Amann Nichols.

Diploma in  
Nursing

The Regents authorized the employment of the trust department of the National Bank of Detroit for advice and consultation in regard to the investment of a portion of the University's endowment funds. The services will also include custody of the securities of these funds. The cost of these services is calculated on a scale graduated according to the amount of assets held by the funds. Based on current totals, the annual charge will be approximately \$12,000 (p. 148). Regent Connable did not vote.

Investment  
Counsel

The Board accepted, with grateful appreciation, the proposal of Donald Johnson, A.B.'26, to present to the University the licenses, transmitter, and other equipment of Station WAJL-FM, Flint, now in working condition and situated in the penthouse of Hurley Hospital, Flint. It is understood that the probable cost of operation, on an annual basis, will approximate \$5,000.

Flint  
Station  
WAJL-FM

Regent Herbert's travel expense vouchers for attendance at the meeting of December 21, 1951, in the total amount of \$81.71, were approved.

All of the above actions were by unanimous vote.
